

**Description**

Neon20 - absolutely no spotting - a continuous and even light along the whole length - fully waterproof and safe for use outside. It has a 10mm square profile and is neat and unobtrusive making it perfect for use on outdoor buildings, pergola or garden illumination.

We supply it to you as a complete unit, cut to length with end caps fitted and sealed and a generous 2m input cable. it's fully waterproof so can be used indoors or out.

This is a colour changing RGB+White product so you have a full range of colours as well as a true white to choose from.

It operates at 24V and a maximum of 16w per metre and if powered from one end the maximum single length is 10m, however if you want a longer length we can make this for you but you will need to provide power to both ends.

Part Codes:

- LED Strip - NEON20-S-RGBW
- Mounting Clips - NEON20-MC
