

### Description

NoSpot - as the name suggests you get a continuous and even light along the whole length. No diffuser or aluminium profile is required. This is a vertical bend product.

As this is a fully waterproof system, we supply it to you as a complete unit, cut to length with end caps fitted and sealed and a generous 2m input cable. it's fully waterproof so can be used indoors or out whilst it's 680lumen per metre light output is bright and vibrant.

It operates at 24V and a maximum of 10w per metre and if powered from one end the maximum single length is 10m, however if you want a longer length we can make this for you but you will need to provide power to both ends. NoSpot has a 3M VHB (very High Bond) tape applied to the rear face.
